## HOLLER AT SAM

This explosive piece by artist Matthew Laurence Knott titled "Holler at Sam" captures the wild energy of Yosemite Sam here reimagined as a fiery outlaw of color and chaos.

His signature scowl and larger-than-life mustache emerge from the canvas, surrounded by bold, abstract textures, paint splashes, and high-contrast brushstrokes that convey pure, unfiltered attitude.

Â The intense palette of reds, blues, and yellows amplifies his classic temper while fusing street art rebellion with animated nostalgia.Â

Itâ€™s Western grit meets pop art swaggerâ€”a loud, proud, and unapologetic celebration of cartoon rage.
