1 Available

Donated by Maui Sports Adventures

One of the most exciting aspects of stand up paddling is the ability to tour the coastlines. While on vacation on Maui you will notice that Hawaii boasts crystal clear water and colorful fish and turtle are abundant along the shoreline. Our expert stand up paddle guides are champion athletes and will take you on one of the most memorable SUP down-wind guided tours where you can coast with the wind and the ocean swells down Maui's beautiful coast. All you will need is a camera to capture the breathtaking views of the islands from the water. We provide your gear which includes boards, and paddles and we will take you on a beautiful adventure tailored to your desires.
