The Storm Follows

#100

She doesn't run from the storm — she brings it with her.

With the wind at her back and thunder on her heels, she rides fast and fearless through the desert, a force of nature in her own right. The horses at her side aren't tamed — they choose to follow.

She isn't escaping anything.

She is the reckoning.

Because not all storms come from the sky.

Some ride a horse.
