The Fisherman's Wife is a local, family-owned fresh fish business. Some of our specialties are local Halibut, and White Sea Bass. Whether you choose a couple of fillets from the fresh fish case to take home to prepare (recipes provided), or dine in for an amazing meal, you will be welcomed like one of the family and given the very best service.

Husband Chris has been fishing out of Channel Islands Harbor for 40 years. Son, Max is the hardworking and dedicated deckhand. The rest of the kids and the wife work together to fill your orders and get them right to you.

They work with the local Fisherman's Association and abide by all regulations to make sure our local waters and fishing grounds are healthy and sustainable.
