Ace Frehley inspired numerous up-and-coming rockers to pick up the guitar. He is also listed as a major influence by several renowned contemporary rock guitarists. Frehley is, of course, best known as a founding member lead guitarist for KISS, one of the world's top hard rock bands of all time. Playing the popular character of "the spaceman," Frehley played with the group from its inception until 1982, then rejoined the band from 1996 through 2002. Frehley has also enjoyed a successful solo career, producing tunes such as 1978's rambunctious hit "New York Groove."
