

Hand Crafted Charcuterie Board

Starting Bid **\$55.00**

Retail Value \$150.00

1 Available

Donated by **Bruce Peterson**

The Charcuterie board is a live edge piece of Spalted Maple wood from Minnesota. When Maple is spalted, it is because a fungus got into the wood which creates all of the variations or striae that you see in the wood. When the wood is kiln-dried, this fungus is killed off leaving its unique design behind.
