Hive and Home were started a few years ago as a hobby. We love making our house reflect who we are. As we began looking at what made our house a home. As we looked around we saw what made our home special to us was the memories that it holds. So many of those memories revolved around traditions and memories that we made with our children.

Bringing the special smells of summer, fall, Christmas, birthdays and celebrations is our mission as you fill your home with the scents that memories are made of.

All Of our candles are hand-poured in Springville UT. We lovingly mix our candles in small batches. All of our dough bowls are hand carved in Ut and are made just to be dough bowls candles.

What makes our candles unique is that we are able to guarantee your candle bowl will be consistent in shape and depth. Hive and Home bowls hold more wax than other candle

bowls which equal a longer burn time.

Because our bowls are Made in the USA just for our company, we are able to add an extra step in the care and safety of your bowl. All of our dough bowls are treated with an eco-friendly water-based fire retardant.

Dough Bowl candles are safe, but just like all candles they do need to be burned properly. Hive & Homes mission is to have the best quality candles and products on the market. That is why we go above and beyond to make our candles the highest quality candle. That is why we use 100% soy wax and 100% cotton wicks. We also use fragrances that are clean and healthy to burn in your home.

We hope our candles help you and your family make many memories.

Hive & Home also design Tiered Trays Charcuterie Boards and may home décor items. These items will help you decorate your home so that it represents you and your family.
