### *History of the Pinwheel Patterned Quilt*

*The Pinwheel block was representative of a common sight in America in the 1800's and early 1900's. The Pinwheel depicted the vanes of the water pump windmills common on farms and small towns all along the Oregon Trail. The original fabrics of the 1930's were cotton feed sacks.*

*Pinwheels symbolize the notions of playfulness, joy, and childhood. It serves as a reminder of the great childhoods we want for all children. The cyclical nature of the pinwheel depicts positive cycles of love and support we want to help families create.*
