

Glamis Off-roading Experience

Starting Bid **\$400.00**

Retail Value \$1,000.00

1 Available

Donated by **Craig Donaldson**

Imagine doing 150 mph with the front wheels pointed at the sky! Veteran racer will take you on a “safe” but thrilling, gravity-defying thrill ride through the desert in a 1600-horsepower twin-turbo Sandcar, through the sand dunes of Glamis. You will fly around sand bowls with a G force so strong you cannot lift your arms. You’ll shoot straight into the air off of razor-back sand dunes in a quarter million dollar Sandcar and land like you were on a cloud. This is a thrill ride that few will ever experience in their lifetime. If you like roller coasters, you will never experience an adrenaline rush like this. You will have full control of how fast you want the pilot to go, as you will be in constant contact with the pilot via headset communication the entire time.
