Joey Melinda Morgan was born, raised and currently lives in Phoenix, Arizona and is a self-taught artist. She utilizes photography and professional digital skills to create a unique, digital composite imagery style that takes the viewer on a visual journey of texture and vibrant color.

Joey's art career spans over ten years and she has had the privilege of being a solo exhibitionist as well as participating in juried, group exhibitions. Joey's work can be found in private homes across the country and in corporate buildings in Phoenix.

Creating art is Joey's soulful passion. Travel is a very close second. Being able to combine the two is pure bliss. Traveling to places to capture texture found in nature, either with a traditional digital camera or a drone, is part of her fervent journey as an artist.
