

## Alice In Wonderland

#1

Starting Bid **\$1,500.00**

Donated by **La Morena and Ulises Palomino**

X-Large - 48 inch butterfly Our first collaboration between two artists! La Morena was inspired by Alice in Wonderland and even used pixie dust to evoke a whimsical feel. Ulises was inspired by a metaphor of two different styles quite similar but not quite the same, this butterfly represents two different techniques (abstract and modern combined). He also uses acrylic paint with metallic blonde leaf. Ulises is a custom framer and artist at R&O Art Works. Lucinda, affectionately known as "La Morena," is an internationally renowned muralist and painter, whose roots trace back to Glendale, AZ, where she was born and raised. A proud Xicana of Apache, Pima, and Yaqui descent, Lucinda's journey into the art world began in 2012 when she started curating underground art shows in Phoenix, AZ.â€¦
