XLarge - 48 inch butterfly

Inspired by the courageous flight that butterflies undertake during the Winter season. For the top of the wings, red Amaryllis was chosen as a theme. The Amaryllis flower blooms in Winter months and has a beautiful story in Greek Mythology tying it to love. Commonly it means determination, beauty and love which Bertica felt accompany the butterfly's endurance for the long flight. For the bottom part of the wings, the clouds signify their reflection on the butterfly as they fly high above them during migration.
