Small - 12 inch butterfly Flight and flame became metaphors for the acts of movement and change required to leave being unhoused, food insecure or housing insecure behind.

Advancing as a butterfly or a flame is never the same exact journey. So is the journey out of homelessness - never exactly the same. For each person the flight out, or the flame to succeed, brightens and dims, and sparks up at a different location and burns or flies steadily for a while, until it changes again. Lori Province never picked up a piece of sheet metal until after her retirement from 40 years handling benefits and training for Washington's workers who lost their jobs. Raised on a farm where all the 'traditional' arts were part of her portfolio (baking, canning, sewing, quilting), when she retired to Sunâ€¦
