#48

Starting Bid **\$300.00**

Donated by **Lea Vose**

Small - 12 inch butterfly Lea is inspired and influenced by nature, whether it be flowers, trees, rocks, water, animals or human figure. Colors and texture and form combine to express the vibrant, delicate and resilient species all living boldly and inconspicuously among us. Lea focuses mainly on human figure art, predominantly acrylic paints, watercolor and clay - although since moving to the Valley she has kept busy building ceramic garden totems for the benefit of the Marinette Clay Corner Club in Sun City, Arizona.
