*This is a 7-night stay in a luxury villa with a private pool and daily maid, mid-week change of linen and towels, and final cleaning. Each morning a private chef will come to prepare an amazing spread with seasonal, local ingredients for breakfast. Venture out on a full-day wine tour with transportation included in a luxury van. Visit 2 amazing wineries near Montepulciano. In the second winery, after visiting the cellar, you will enjoy tasting the wine paired perfectly with a delicious meal. Wine tastings and lunch included. On another day, embark on a culinary journey, exploring a variety of Tuscan traditions in the kitchen. A professional chef will show you how to make delicious homemade pasta, mouth-watering meat sauces, roasted meats with fresh Mediterranean herbs straight from the garden, and a typical regional dessert. Of course, this culinary experience will only be complete after you sit and enjoy a 3-course dinner. Villa is a 4-bedroom villa and will accommodate up to 8 adults.*
